support and empower women who are coping with the pain fear and stigma of serious disease being diagnosed with cancer chronic fatigue syndrome or fibromyalgia is a traumatic event that takes place at a time when the patient is already feeling physically and often emotionally drained minding the body combines feminist and social constructionist approaches to offer an intimate look into the ways a therapist can help clients cope with the pain fear and stigma of serious disease minding the body offers an alternative to the reductive view of the mind body connection and also examines the potential for growth that such experiences often allow the essays gathered here show how an effective therapist can help the client deal with the painful and difficult emotions that exacerbate illness while learning the emotional and spiritual lessons illness can teach minding the body presents both theoretical views and personal accounts of illness including scholarly discussions of the issues involved in autoimmune disorders a therapist s personal experience of chronic fatigue syndrome a personal and professional exposition of a woman s struggles with injury illness and managed care co written by client and therapist suggestions for understanding the social construction of illness and treating disease from a social constructivist point of view narratives reflecting on the change and growth of therapists diagnosed with cancer and other serious illnesses by looking at illness in the context of mind body society and medical establishment minding the body will help therapists doctors nurses counselors and clients deal with the grief disappointment and frustration of chronic and life threatening illness

this book argues that the experience of madness is an integral part of what it is to be human and that greater focus on subjective experiences can contribute to professional understandings and ways of helping those troubled by these experiences

exercise tiger a series of operations off the south devon coast in the spring of 1944 rehearsing for the forthcoming d day landings shrouded in mystery one of these exercises ended in disaster for over 600 young american servicemen as their operation was discovered by a patrol of german e boats which attacked leaving two lsts sunk and one badly damaged the secret nature of these exercises some claimed led to a military cover up and many families were not immediately informed of the nature of the deaths of their loved ones over the months that followed d day came and went the war ended and there seemed little point in raking over this sorry affair exercise tiger became a forgotten chapter in the annals of the second world war using archive documents and images this book recounts the history and personal accounts behind this tragic event as well as examining the many subsequent conspiracy theories and

exploring the evidence behind them illustrations 75 black and white photographs

developmental psychology in action looks at how psychologists contribute to the development and well being of children in practical ways the role of psychologists and psychological theory is considered with respect to specific topics which focus on child development in the context of social educational and clinical issues the chapters are authored by active researchers and practitioners in each field each chapter provides an introduction to the topic under discussion and aims to stimulate reflection and evaluation this is the final book in a series of four which form part of the open university course child development the series provides a detailed and thorough undergraduate level introduction to the central concepts theories current issues and research evidence in developmental psychology developmental psychology in action is a course text for the open university course ed209 child development

half a century ago the primary contours of the history of the jews in roman times were not subject to much debate this standard account collapsed however when a handful of insights undermined the traditional historical method the method long enlisted by historians for eliciting facts from sources in response to these insights a new historical method gradually emerged rewriting ancient jewish history critiques the traditional historical method and makes a case for the new one illustrating how to write anew ancient jewish history at the heart of the traditional historical method lie three fundamental presumptions the traditional historical method regularly presumes that multiple versions of a text or tradition are equally authentic it presumes that many ancient jewish sources are the products of largely immanent forces of cloistered jewish communities and barring any local grounds for suspicion it presumes that most ancient jewish texts faithfully reflect their sources and reliably recount events rewriting ancient jewish history unfurls the failings of this approach it promotes the new historical method which circumvents the flawed traditional presumptions while plotting anew the limits of rational argumentation in historical inquiry this crucial reappraisal is a must read for students of jewish and roman history alike and a fascinating case study in how historians should approach their ancient sources

this monograph investigates the literary development of ezra 7 10 and neh 8 with a detailed literary critical analysis the investigation shows that the text was produced in several successive editorial phases for at least two centuries thus the final text cannot be used for historical purposes the oldest text emerged as a short narrative entirely written
